| Welcome &<br>Additions to<br>Agenda                                    | Committed to ending at 7 pm  |   |
| Approval of  | Motion by Stacey Eichner   |   |
| Meeting Minutes  | Seconded by Richard Hall   |   |
| President / VP Report  a) Mission Statement b) Proposed By-Law updates | Bylaws have changed since relinquishing charter statues to (now) public. Board no longer governing. Focus on raising and allocating funds  John Hamilton is a signer for payments - amended that all checks must have second co-signer  Suggestion: rather than have 3 year terms, would like to make positions yearly for committee chairs.  Discussing what the board time limits are - want to avoid not having enough people and too many transitions.  Suggestion to have 2-year term limits  Jim Bartscherer will be stepping down as board member.  Rina Faletti would like to become board membergave brief bio- invited to join board.  | Officers to recommend changes in term limits within by-laws at next meeting                 |
| Treasurer Report   | <ul> <li>John Hamilton not present. Laura is presenting. Working with Venita in order to figure out a new reporting format. Will be paying for her time out of our budget line item. Working on having a budget vs. actuals to share every month.</li> <li>Peter talked about unwinding previous processes and how the money worked. Gave some examples of things that are handled by school (salaries, subs, etc) Some things belong within the foundation. \$36,000 of restricted funds that are ready to be spent.</li> <li>Pledge process is very paper intensive. Will move to online system so everything will be much more seamless and electronic. Hoping to complete it by end of the month. Will have a website too.</li> <li>Could use another treasurer to help John and train a new person (bookkeepers, accountants, etc would be appropriate people to help out)</li> </ul> | Officers to<br>work on<br>identifying<br>additional co-<br>treasurer<br>parent<br>volunteer |

|                          | Stacy Eichner- Identity project is on and the kids are working on this Garden and culinary program- Louann would like to talk about garden to table program at the new site. Would like to have a paid coordinator position (stipend). Would like to see perhaps \$3000/year but not ready to commit to number. There are several hours that are needed to administer this project. New garden is a blank slate. Have gotten feedback from staff on what they would like to see in the garden. Hoping to recruit parents to make things happen for the garden. Maureen suggested a tour of edible gardens in Berkeley. Question- is there space and will garden be exclusively edible? Yes but its not worked out yet and might be an issue with water. Want to use garden to support math and sciences and create spaces that are not edible. Any soil testing done to date? No Laura will send out proposal electronically for parent review; Stipend request is in addition to \$3K already budgeted for garden - Will need to review and approve additional budget items as we determine funds available from fundraising efforts – Stomp and Pledges – although there are already \$8K in restricted funds for garden use so may be able to | <ul> <li>Solicit parent<br/>interest in<br/>forming<br/>garden<br/>committee to<br/>support build<br/>out of garden<br/>at new<br/>campus</li> </ul> |
